WHAT'S NEXT !!!!!!!!!!!!!

***** Thursday april 13TH Business Meeting *****

The April business meeting will be held at the Bloomingdale Public Library. Meeting starts at 7:30 P.M. and ends ??????. Please remember we would like all club video tapes returned at this meeting as we will need them for the swap shop....

* SUPER ROLLOVER RAFFLE *
* THIS MEETINGS RAFFLE PRIZE IS AN E 2 P-51 *

NEXT !!!!!!!!!!!!!

***** APRIL 15TH BARNSTORMERS 1ST ANNUAL SWAP SHOP *****

NOTICE * NOTICE *** NOTICE *** NOTICE *** NOTICE**

With extremely short notice we have been informed that FUEL orders will have to be in by April 24th. I know its going to make things tough with everything else thats going on right now, but we will just have to do the best we can. Speaking of the best, Steve Dietrich will taking the fuel orders this year. A price list will follow.

AND NEXT !!!!!!!!!!!!!

***** Thursday April 27th Entertainment meeting *****

This meeting will also be held at the library. Meeting starts at 7:30 P.M. This meeting will be the Barnstormers annual static contest. This year we will be awarding prize money and ribbons to the first three places in three categories. The categories are Military Scale, Civilian Scale and Sport. So shine up that new beauty, bring it in, and go for the gold.

President's corner

Now with several meetings under my belt things are starting to level out a little. Although I don't think I'll ever get new business and old business strightened out, but were getting there. Heck, at the last meeting we had a large turnout, no entertainment and to top it off, no one won the big raffle prize. I wasn't worried but I sure wouldn't have given odds at getting out of there alive. All kidding aside I would like to thank everyone for their continued cooperation. A special thanks to Karl Schoder for the great job he did on the flight stand. I was at the field this past weekend (freezing) and the stand really looks great with its fresh coat of paint and our new rules on top, now if we can get everyone to read and follow them. I could almost smell the hamburgers cooking (its not that far away Mike). But first things first, lets all get out and support our swap shop next week its success depends on all of us. So see you at the meeting.....

Orvil Fluharty
President..

BARNSTORMERS MEETING NEWS

"The Truth, the whole Truth, and nothing but the Truth?"

Volume 2 Number 4

Meeting Minutes

March 1989.

March 9th Meeting

Orvil called the meeting to order at 7:50PM. There were 38 members and 1 guest present.

Reports

Roger reported that our bank account is \$2137. This is before the heavy cash flow that he expects for the Swap Shop.

Fun Fly Chairman Jim S. discussed the prizes for the fun flies. There will be a 1st, 2nd, and 3rd award and the rest of the prizes will be of equal value. Everyone participating will go home with something.

Steve D. and Ron W. reported that the flying field is usable but very wet and mushy.

New Business

Orvil showed us a bright yellow hooded sweatshirt that is available with the club logo. Those interested should contact Chuck W.

The Swap Shop committee pleaded for volunteers to work and a sign-up sheet was passed around. People are needed for the food concession, registration, security, etc. Anyone wishing to volunteer (that means all of you) should call Chuck P.

Don't We Have Enough Static

Orvil reminded us that our annual static contest is to be held in April. There will be three classes - Scale military, civilian scale and sport. Any airplane built by its owner can be entered.

Pins

Orvil also announced that he will again provide frequency clips for the flight stand. Members should see him to make their requests for new or replacement clips. (Please remember campers, to put your name on the clip before using!)

Jewel Like Finish?

Ron Walker displayed an RCM 60 that he is currently flying. John Howe brought a PT-40 he decorated with shelf paper from the Jewel. Jim Scahill showed his Sport Air 40 which was built from a kit acquired at the St. Charles Swap Shop. Ron Hilger brought a Fokker DVII he recently reworked. He said that the bi-plane was built in 1968.

SUPER ROLL- OVER

Round #2 prize of a Super Tiger S61 worth over \$120 was not won and was returned to the hobby shop. The prize level for our next meeting GOES UP! Several AMA calenders were raffled off.

Notice the Change?

In the absence of our usual Club Scribe, Mr. Roger Anderson has been so kind as to record the above meeting notes. This no doubt explains the sudden appearance of good grammar and honest reporting. Never-the-less in preparing his manuscript for publication, I could not pass up the opportunity to inject several cheap shots of my own. So if you like what was written above, thank Roger. If you take offense at what was written above blame the Barnstormer Meeting News Editorial staff (ie. Tim)

March 23rd Meeting

Orvil called the meeting to order at 8:47 PM with 48 members present. One guest Chris Wendt later displayed great taste by joining the Barnstormers.

Once a Barnstormer...

We were happy to see Mike Pascucci who surprised everybody by paying a visit to the meeting. Mike was one of those members who was always at the field helping anyone and everyone who needed it. Alabama's gain is our loss.

Calling All Ringers

The Lisle club is to advise Fun Fly Chairman Jim S. what date is ok for the annual joint meet.

Flight Stand

The flight stand is back at the field and those who have seen it say it looks terrific. SPECIAL THANKS go to Karl Schoder who for the third year in a row has retrieved, stored and refinished the flight stand.

AGCRCC

Stan H. reported that RICTA sent two representatives to the last AGCRCC meeting. They apologized and apparently want us back. The membership voted to "mend the fence" if possible. Stan also said that the AGCRCC has written a letter to RICTA specifying what we want -- such as a raffle, swap shop (fat chance), etc. We'll see what develops.

They Sent Him Home

Eric B. returned finally to our meetings. He said he missed the prior meeting because he visited the St. Charles club to see how another club runs things.

But Who's Got a Key?

Eric brought a kite of unique design. Fred U.'s Goldberg Skytiger was nicely done. Victor Z. brought a Thundertiger Eagle 40. And Ernie S. showed his Great Planes PT 40.

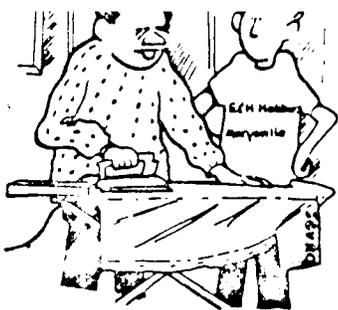

And the Beat Goes On

In our SUPER ROLL-OVER RAFFLE, the round #3 prize of a 1991 ready 4 channel Futaba was not won and goes back to the hobby shop. The prizes for round #4 (EZ P-51 ARF worth over \$240) and, if needed, round #5 (Futaba 1991 5 channel PCM worth almost \$300) will easily be the best prizes ever raffled off by the Barnstormers. Miss the next two meetings at your own peril.

MEMBER OF THE YEAR

Gene "tickets" Reinke put together another super points month. He is starting to stretch out a rather substantial lead over the rest of the field in this years contest. This time Gene did it by selling even more raffle tickets and by signing up two new members. "Silent" Sam Vardalos must have taken the month off because he fell rather dramatically to a rather distant 3rd and allowed Tim to sneak into 2nd. Ron Hilger had a good month and went from 10th last month to 5th this month. John "K&B Kid" Howe has started to make his move, and joins the top 10 for the first time this year. If you want to see how you are doing, the latest standings and points list will be available at our next meeting. The top 10 look like this:

1st Gene R.	2nd Tim M.
3rd Sam V.	4th Ron W.
5th Ron H.	6th Chuck W.
7th Jim S.	8th Rus C.
9th Skip H. & John H.	

My wife says that I iron Monokote
 so well that from now on I can
 iron my own shirts."

TIME FLIES

By: Chuck Weibler

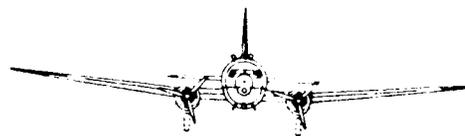

A member that'll go down in Barnstormer's history? **Howard Roth!** Out of hundreds of entries, well maybe less than ten, Howard was the Club Member submitting the winning name "Suburban R.C. Barnstormers."

The Logo Contest was also hotly pursued by three members:

George Holada	Bi-Plane In A Circular Patch
Bob Jukiewicz	Mono-Plane In A Circular Patch
Howard Roth	Flying Barn In A Circular Patch

George's award winning entry became our Barnstormer's logo. Unfortunately, these members no longer belong to the Club. My guess is that the stress from the Name and Logo Contest was too much for them.

- April '78** Treasurer, Jim Hubbard was taking Fuel Orders. Nitrotane Fuel was going for \$4.25/gallon.
- April '80** The balance in our Treasury as of the April Meeting was \$197.85.
- April '82** Mike Kukovec joined the Barnstormers. Bernie Klug announced that the new and improved Flight Stand would be put back out at the Field sometime in April. Steve Schoening, Karl Schoder, Bernie Klug, John Fahr and Chuck Weibler all helped in updating our Flight Stand which now includes a copy of our rules and regulations.
- April '84** Two new members were welcomed to the Club. Eric (it's not nice to miss meetings) Bergstrom and Steve Murphy.
- April '86** Thanks was given to Chuck Pazdzioch and Stan Hoefer for donating their time Friday (March 28th) to roll the Field. Jon Snyder displayed his Midwest Hots with flaps.
- April '88** Our first Annual Points Program was off and running with 65 Members earning almost 500 points. **Who was in the lead? Who else Tim Meranda.**

It was also announced by our President - Eric, that a new Frequency Control Procedure would be put into use this Summer. Gone are the Flags and Tubes, and in are slots for wooden spring-type clothes pins.

CLUB JACKETS

All members who ordered club jackets can pick the up at the next club meeting.
